

For Potential Providers

Balanced Life Therapy Center aims to be a place where diversity of thought and therapeutic approach can be fostered and elevated. In our effort to be inclusive and to meet the needs of our clients and community, we strive to hire clinicians who share a thirst for knowledge and an openness to expand their minds and experience. In hiring clinicians, we believe that our community of clinicians will create the environment in which our clients will be served. Therefore, we take great care in hiring those who match our philosophy and show an interest in building relationships with each other in that effort to manifest an environment where our clients feel comfortable and safe.

If you are a clinician in search of a part-time or full-time position, please feel free to send your resume to Andrew@AndrewByrneLMFT.com. A more detailed explanation of the logistics of the position can be shared upon request.
